

Junior Aerial

REAL ESTATE

Who are we?

We are Junior Aerial, a drone & media service based in Exeter, Devon. Named in honour of our beloved dog, Junior, his spirit of loyalty and curiosity inspires everything we do.

“From capturing stunning properties, once in a lifetime moments & running successful social media campaigns, we’re sure that your listings will be thrown into the spotlight with the recognition that they deserve” - James Ellyatt (Owner & Founder of Junior Aerial)

Why Choose Junior Aerial?

Excellence
achieved
through
creativity

All masterpieces made by us
are delivered to you in
undeniably stunning 4K quality

Qualified & Insured

We hold recognised drone qualifications and maintain appropriate insurance for commercial operations, giving you confidence that your property is being covered safely and professionally.

Fast, Friendly & Professional

Fast, Friendly & Professional, Junior Aerial works closely with clients to understand their vision and create content that reflects the unique character of their event.

Delivering outcomes

Your vision is at the heart of every project. We carefully consider your goals and craft each edit to ensure the final content reflects your brand, message, and desired outcome.

Why Choose a Cinematic Video?

Capture attention faster than photography alone
Showcase the flow and atmosphere of a property

Increase engagement on social media and property portals

Help potential buyers connect emotionally with a home before viewing

Present your property in a modern, professional way

Delivered digitally via secure cloud uplink

Final length: up to 2 minutes
One round of minor revision

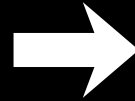

Price - from £595

How does it work?

1.) Book Your Shoot

Get in touch with Junior Aerial to discuss your property and requirements. We will recommend the most suitable package based on the property's size, location, and marketing goals.

2.) Confirm the Details

A convenient date and time will be arranged with the property owner, tenant, or agent. Any access requirements, special requests, or key features of the property can be discussed beforehand.

3.) On-Site Photography & Filming

We attend the property and capture the agreed content, which may include the packages listed on page 2 & 3. All operations are conducted lawfully, safely, professionally, and in accordance with UK Civil Aviation Authority regulations.

4.) Professional Editing

All images and video footage are carefully edited to ensure the property is presented at its absolute best. This includes colour correction, exposure balancing, image enhancement, and cinematic editing where applicable.

5.) Delivery

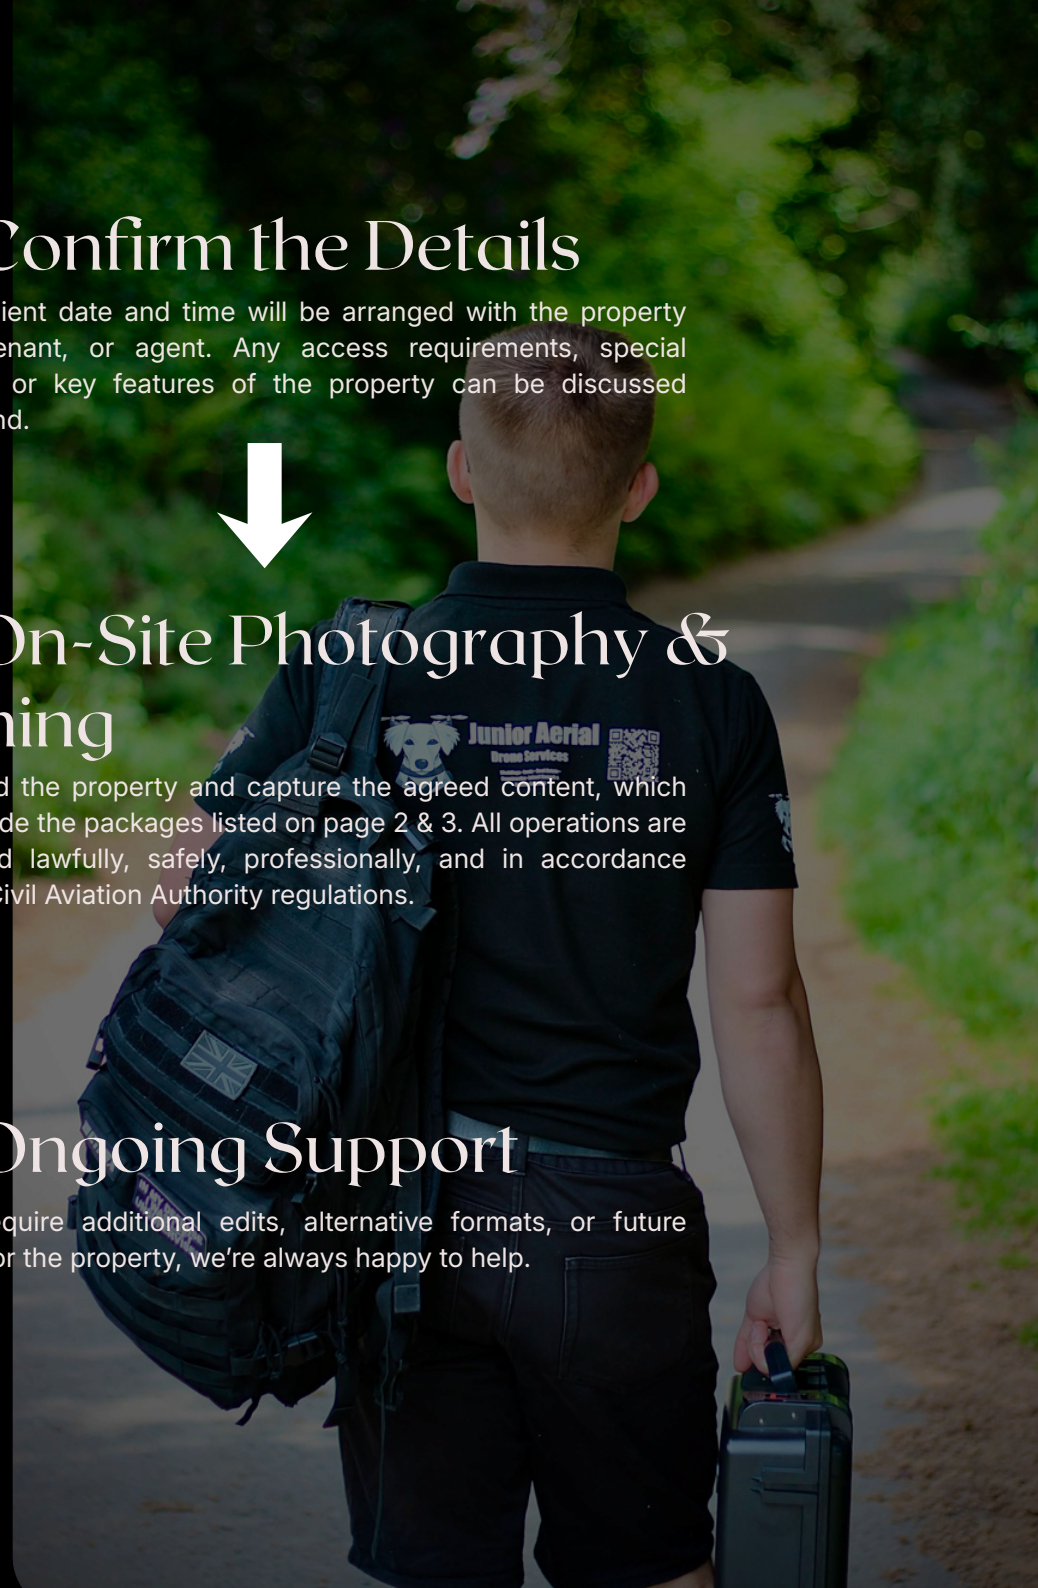

Final content is delivered digitally in high resolution and ready for immediate use across:

- Property portals
- Estate agency websites
- Social media
- Marketing campaigns
- Printed materials

6.) Ongoing Support

If you require additional edits, alternative formats, or future content for the property, we're always happy to help.
