

Why Choose Junior Aerial?

✔ Qualified & Insured

We hold recognised drone qualifications and maintain appropriate insurance for commercial operations, giving you confidence that your event is being covered safely and professionally.

✔ Fast, Friendly & Professional

Fast, Friendly & Professional, Junior Aerial works closely with clients to understand their vision and create content that reflects the unique character of their event.

✔ Create Lasting Memories

Whether it's a corporate event, market, exhibition, festival or celebration, professional media coverage allows you and your guests to relive the experience long after the event has finished.

Who are we?

We are Junior Aerial, a drone & media service based in Exeter, Devon. Named in honour of our beloved dog, Junior, his spirit of loyalty and curiosity inspires everything we do.

All masterpieces made by us are delivered to you in undeniably stunning 4K quality! All packages include 1 round of revision.

How does it work?

1.) Initial Consultation

Get in touch and tell us about your business, campaign, event, or project. We'll discuss your goals, target audience, and the type of content you'd like to create.

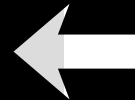

2.) Content Planning

We'll work with you to develop a content plan tailored to your needs. This includes identifying locations, key messages, filming requirements, and the platforms your content will be used on.

3.) Filming Day

Junior Aerial captures professional drone and ground-based footage using high-quality equipment. We handle all operational planning, safety considerations, and filming logistics.

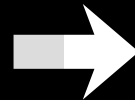

4.) Editing & Production

Your footage is professionally edited to create engaging content optimised for your chosen platforms. Music, transitions, colour grading, graphics, and branding can all be incorporated where appropriate.

5.) Review & Revisions

You'll receive a preview of the finished content and have the opportunity to request revisions included within your package.

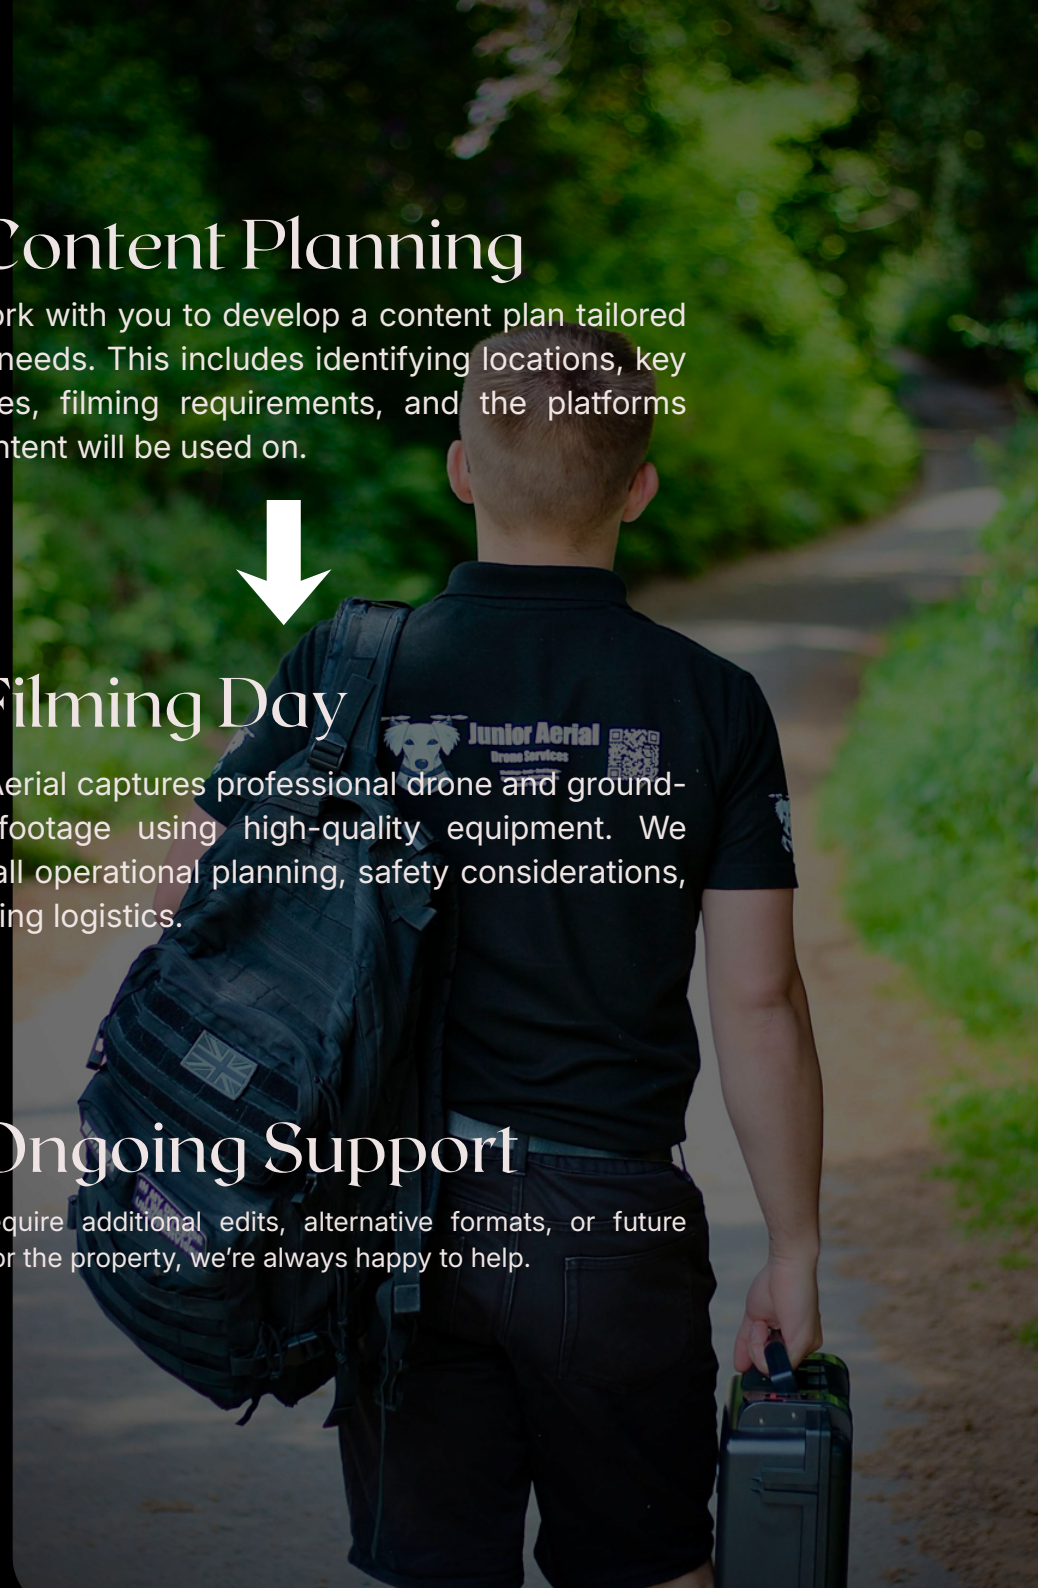

6.) Ongoing Support

If you require additional edits, alternative formats, or future content for the property, we're always happy to help.
