

Why Choose Junior Aerial?

✔ Qualified & Insured

We hold recognised drone qualifications and maintain appropriate insurance for commercial operations, giving you confidence that your business is being showcased safely and professionally.

✔ Content That Gets Attention

Fast, Friendly & Professional, Junior Aerial works closely with clients to understand their vision and create content that reflects their values, priorities and character.

✔ A Consistent, Professional Presence

Whether you're promoting a product launch, seasonal campaign, event or day-to-day business activity, we provide high-quality content that helps keep your social media active, relevant and memorable.

Who are we?

We are Junior Aerial, a drone & media service based in Exeter, Devon. Named in honour of our beloved dog, Junior, his spirit of loyalty and curiosity inspires everything we do.

All masterpieces made by us are delivered to you in undeniably stunning 4K quality!

Excellence achieved through creativity

Stand out from the crowd

In a world of endless scrolling, first impressions matter. Professional content helps your business capture attention, build trust and make a lasting impact on potential customers.

The Junior Difference

Named in honour of our beloved dog Junior, our business is built on the values he represents - Loyalty, trust, curiosity and kindness.

We bring those same values to every client we work with.

See what happens when creativity flies

We don't just film and leave. We work alongside you to understand your business and help develop content that supports your goals and strengthens your brand.

Delivering Real, Impactful Results

We use our own creative flare, as well as your vision to deliver content that result in more people through the doors of your business.

How does it work?

1.) Initial Consultation

Get in touch and tell us about your business, campaign, event, or project. We'll discuss your goals, target audience, and the type of content you'd like to create.

2.) Content Planning

We'll work with you to develop a content plan tailored to your needs. This includes identifying locations, key messages, filming requirements, and the platforms your content will be used on.

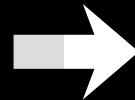

4.) Editing & Production

Your footage is professionally edited to create engaging content optimised for your chosen platforms. Music, transitions, colour grading, graphics, and branding can all be incorporated where appropriate.

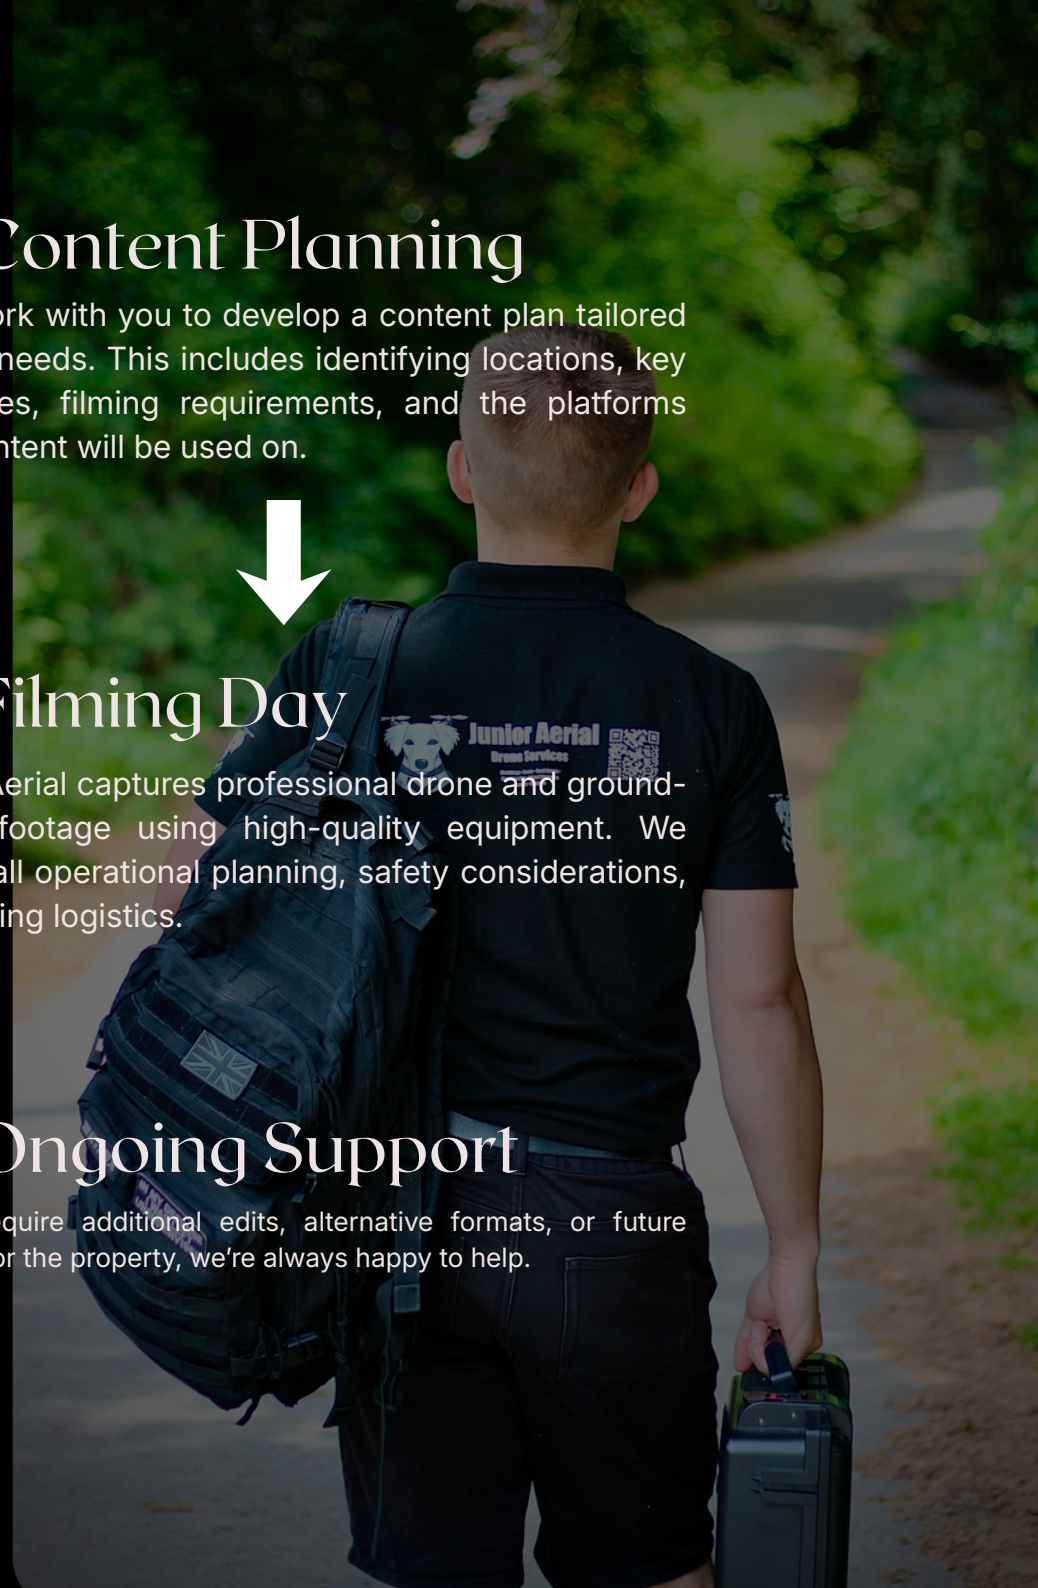

5.) Review & Revisions

You'll receive a preview of the finished content and have the opportunity to request revisions included within your package.

6.) Ongoing Support

If you require additional edits, alternative formats, or future content for the property, we're always happy to help.
